

Mountable Desk Module (MDM)

DMSI offers a complete connectivity solution for desktop and workstation applications. Fiber and copper module jacks, faceplates, surface mount and multimedia boxes.

Mountable desk modules are pre-terminated with pinned MTP® connectors on the back and duplex connectors on the front. Modules feature an offset side with holes for direct mounting to a desk or wall. They offer a fast and cost-effective fiber to the desk deployment. Mounting holes allow for the module to be installed in multiple orientations.

ORDERING INFORMATION

MDM-(AA)(B)-(CC)46

(AA) Select Fiber Count

12 or 24

(B) Select Fiber Type

Y	Single-mode
F	62.5µm OM1
