

# Zone Distribution Box Floor | Ceiling

Zone distribution boxes are available for both floor and ceiling fiber and copper applications. All zone boxes are highly customizable and fully compatible with IllumiCore® panels and modules including but not limited to Classic, PRM, and LGX.

## FEATURES AND BENEFITS

- Customizable length, width, and height are tailored to meet your dimensional requirements
- Custom hole placement is available for optimal trunk and patch cable routing
- Lids can be hinged or removable, both with optional lock and latching features
- Bulkheads are adjustable to ensure proper bend radius routing
- Bulkheads can be built to accept Classic, PRM, and LGX compatible products
- Internal 19" mounting is available for copper patch panels
- Strain relief brackets and raised presses can be strategically installed inside of the zone boxes
- OMNIA pre-terminated trunk cables simply slide and lock into OMNIA compatible brackets without the use of a tool, eliminating the need for cable ties.
- Made of Aluminum
