

# Mountable Desk Module (MDM)

Mountable desk modules are pre-terminated with pinned MTP® connectors on the back and duplex connectors on the front. Modules feature an offset side with holes for direct mounting to a desk or wall. They offer a fast and cost-effective fiber to the desk deployment. Mounting holes allow for the module to be installed in multiple orientations.

## SPECIFICATIONS

<b>Product Type</b>	Mountable Desk Module (MDM)
<b>Fiber Category</b>	Single-mode OS2 / 62.5µm Multimode OM1 / 50µm Multimode OM3 / OM4 / OM5
<b>Fiber Count</b>	6F - 24F
<b>Polarity Type</b>	Type A / Type B / Type C
<b>Adapter Type</b>	LC APC Duplex, Internally Shuttered / LC Duplex, Internally Shuttered / SC Duplex, Standard Dust Caps / MTRJ Pinned
