PRODUCT COMPLIANCE STATEMENT

Diversified Material Specialists, Inc. (DMS) is committed to managing the use of chemical substances in accordance with governmental regulations, industry standards, and customer-specific requirements to support environmental protection and responsible manufacturing.

This document provides general information on the following regulatory categories:

EU RoHS Compliance Status. RoHS compliance is defined under Directive 2011/65/EU and its subsequent amendment, Directive (EU) 2015/863, which restricts the use of hazardous substances such as lead, mercury, cadmium, hexavalent chromium, PBB, PBDE, DBP, BBP, DIBP, and DEHP. Compliant homogeneous materials contain less than 0.1% of these substances by weight (0.01% for cadmium), unless an exemption applies.

EU REACH SVHC Content. The Registration, Evaluation, Authorization, and Restriction of Chemicals (REACH) regulation (EC No. 1907/2006) includes a Candidate List of Substances of Very High Concern (SVHCs), maintained and updated by the European Chemicals Agency (ECHA). Articles containing SVHCs above 0.1% by weight require disclosure. The most recent Candidate List is available at:
https://echa.europa.eu/candidate-list-table

Low-Halogen Status. Low-halogen definitions are based on JS709C, JEDEC JEP 709, and IEC 61249-2-21. Materials that meet low-halogen criteria contain less than 0.09% by weight each of chlorine and bromine, and less than 0.15% total.

TSCA (Toxic Substances Control Act – U.S.). Under TSCA Section 8(a)(7), certain chemical substances—including PFAS—are subject to reporting requirements as enforced by the U.S. Environmental Protection Agency (EPA).

DMSI is committed to ensuring that all our fiber optic products comply with these standards and regulations, reflecting our dedication to quality, safety, and customer satisfaction.

Compliance documentation for specific part numbers or product families is available upon request. Please use the following form to submit a request for compliance declarations → https://www.dmsimfg.com/product-compliance-request-form/
